Thanks for joining us for the 2009 battlerifle matches. In looking over the scores for this year. I have seen the improvement in all shooters. I have also seen first hand how hard it is to tr is to get a good score. Each match the competition is getting tighter. For example in the rattle battle after the first 2 stages the scores were all close. It came down to the 200 yard stage. How many rounds did you have left, could you get them all shot off, did your gun malfunction, did my will my doggone glasses fog u up. These are the things that make it fun. Keep shooting and see you next year.
